## THE ARTIST

Causeyoufair is Yigit Demirel who lives in Istanbul Turkey. He has been making music since he was a little child back in 80s playing Turkish drum called Darbouka in his hometown Ordu in Turkey. Before he makes electronic music, he attended Berklee College Of Music in Boston MA, USA and he studied Jazz Composition in the 90s. He was playing Alto Saxophone at that time. In the beginning of the late 90s when the computers were getting better, he bought himself a PC and started making experimental electronica music.

## THERE I LAY & TIME IMPERFECTIONS

Causeyoufair has composed an album of breathtaking beauty, delicacy and grace. His focus on space, reverberation tales and the emotional resonance that occurs between and across each musical notation is exquisite. The music encourages the listener to become immersed accessing dreams, hidden memories and nostalgia. The quality of this work surely sits right up there alongside William Basinski and Stars of The Lid.
